

EARLY + MATH

MARCH 26, 2020 2PM-3PM

Speakers:

Patti Curtis, Noyce/Lettvin STEM Education Fellow, U.S. Dept. of ED

Christina Chhin, Ph.D.
Institute of Education Sciences

Kassie Davis
CME Group Foundation

Jennifer McCray, Ph.D.
Erikson Institute

Lynn Fuchs, Ph.D.
Vanderbilt University

Learn from leading researchers and funders about best practices in providing authentic, joyful, and productive early mathematics instruction for learners of all abilities.

Non-ED staff, in person guests, and those needing accommodations, please **RSVP** to Patti.Curtis@ed.gov. **For those that cannot join us in person, we will be live streaming and archiving the event [here](#).**

If you have questions for the speakers during the briefing, please email them to Patti.Curtis@ed.gov.

You're Invited: STEM Briefing

Early Math is an
Indicator of Future
STEM Success

How Can We Best
Equip Our Teachers?

How Can We Help
Students with Math
Difficulties?

Learn, Engage,
Circulate
